

# Hershey: We Want More from Our S'mores! Go Fair Trade Certified!

We expect more from our Hershey bars! It is not fair if your cocoa that may be grown with abusive child labor (& even slavery) and harm to the environment, plus leave cocoa farmers and their families in poverty. Fair Trade certification labeling is the only way I can know for certain that you have paid farmers a fair price so their kids can go to school and the doctor when they need to!
