

# Chocolate Lovers Unite... For Sweets Without Slavery!

## What's wrong with West African cocoa, the source of most US chocolate?

According to the International Labour Organization and the US Government - **284,000 child laborers:**

- **153,000 applying pesticides** with no protective gear
- **12,000 in slave-like conditions...** beaten, locked up, not paid for their labor

## Solving this global crisis is easy. And all you have to do is eat chocolate...Fair Trade chocolate!

Fair Trade cocoa farms are third party audited annually to ensure no child labor or slavery. PLUS, hardworking Fair Trade cocoa farmers earn enough to afford basic education, health care, and food for their families.
