

We Want More from Our Smores!
Global Exchange Fair Trade Campaign Campfire Song

My Favorite Fairtraded Things

Tune: My Favorite Things

Bright Fair trade labels on coffees and rices,
Footballs and baseballs, and sugars and spices,
Cocoa and chocolate bars, Smore-making things
Some of our favorite fair traded things.

Workers with unions and free, fair elections
Working with environmental protections
Safe working places to stop sufferings--
Fair trade means workers get all of these things.

Food crops organic where farmers make money
Flowers and mangoes, bananas and honey
Mochas and lattes with sweet flavorings--
More of our favorite fair traded things.

Those in sweat shops
Work without stops
Making us feel sad
So we just buy all these fair traded things
And then we don't feel so bad.
